FOOT AND MOUTH DISEASE SCOURGE MUST BE PREVENTED AT ALL COSTS --COUNTY ORDINANCE MAY BE SOUGHT

A considerable amount of anxiety was expressed during the first of the week because 1300 head of sheep had been shipped into Mendocino county over the railroad from Chico.

BAND APPEARS HEALTHY.

The sheep, insofar as The Press could learn, were not sent out of a suspected district-and they seem to have had a clean bill of health. In fact, those in a position to know, are inclined to the belief all of the sheep are healthy. In spite of this an agitation has been commenced to urge all people to refrain from shipping in any stock at this particular time because the risk of getting the epidemic in Mendocino county precludes taking a chance. As one man put it: "No neighbor of ours wants to be a party to creating a scourge in the herds of his friends and, I believe, that if people will only stop to consider what might happen, we will be all right. Up to now this county has no foot and mouth disease and it is to the interest of every person living here to see that we do not allow it to get started."

TAKING NO CHANCES.

Realizing the disaster to Mendocino county and the state as a whole, should the foot and mouth disease spread, the Round Valley Farm Bureau Center has taken the lead in this county in adopting precautionary methods. Six hundred pounds of poisoned corn has been distributed among the farmers of the district to be used in poisoning crows. Every buzzard that a gun can be pointed at is being killed. All pigeons have been killed, all dogs tied up and the strays poisoned. Furthermore, a plan is being worked out to disinfect or stop all machines from the outside at Dos Rios. In this connection, a county ordinance is being considered prohibiting the importation of agricultural products or any raw products which are liable to carry infectious diseases.

Slaughter Method Necessary.

Foot and mouth disease is an acute infectious disease that spreads with great rapidity to practically every member of infected herds.

It is an established fact that if only the affected animals were slaughtered the disease would continue to spread among the animals which had been in contact with the same until eventually, in most instances, all of such contacts would contract the disease from exposure to the infection that had already taken place.

We are endeavoring to keep this disease from spreading on to our ranges and in doing so we must adopt approved radical means of suppressing it while the opportunity exists; that is while it is confined to a comparatively small area.

It appears more humane to quickly slaughter a comparatively few infected and exposed animals and endeavor to

DR. R. D. MACE RELEASED BUT CASE IS OPEN

Impression Is That The State Is To Bring Up More Facts

TECHNICALITY INVOKED

Accused Man's Lawyer Is Successful With Habeas Corpus

After having heard the evidence of Judge H. L. Preston, who testified as the lone witness at a hearing before Judge Ross Campbell, of Sonoma county, last Friday, the charge against Dr. R. D. Mace, alleged to have obtained $1200 from Judge Preston through false pretenses was dismissed because the facts brought out were not sufficient to sustain the charge. However, the ruling was such that, while the accused man was given his liberty, at the same time the charge may, at any time, be used again against Dr. Mace, supported by stronger facts. In plain terms: The charge now too weak to make a convicting case, may be strengthened later and prosecuted, the proceedings completed last week in no manner hampering the case of the state.

The action of the court followed habeas corpus proceedings which were instituted by Dr. Mace's attorney, W. D. L. Held.

Technicality Saved Him.

So far as the evidence showed, the money was secured upon a future promise—that Judge Preston gave Dr. Mace a $1000 Liberty bond to use upon the explicit understanding Dr. Mace was to go to San Francisco and clear up an indebtedness running against some office equipment on which Dr. Mace owed and that, immediately upon his getting title to the same Dr. Mace was to go to an attorney, draw up a mortgage on the equipment and have the same placed on record. The decision of Judge Thompson held that the law will not convict an accused person—one charged with obtaining money under false pretenses—on a future promise. To convict of false representation use must be made of an existing or past fact.

Accused Did Not Testify.

Dr. Mace was not placed upon the stand by Mr. Held. Immediately after the proceedings were concluded Dr. Mace was dismissed from custody and left the county jail, taking quarters at The Palace Hotel.

South American Lure Holds Ukiah Man

George Dillingham, former well known Ukiah boy, is here from his home in Bolivia, South America, for a visit with his father, W. K. Dillingham, of Boonville. Mr. Dillingham was in Ukiah a few days last week and was cordially greeted by many old-time school friends. Following his graduation from the local high school Mr. Dillingham received his degree in mining engineering from the Universty of California. Later he accepted a position with a big copper concern in South America, where he has since resided. His present visit is the first in a number of years and he notes many changes in the country hereabouts.

SCHOOLS TO CLOSE

The two local schools will close Friday for an Easter vacation of a week during which time many of the teachers will return to their homes in the bay district.

HEAVY VOTE IS SURE TO COME

Prediction Is That The County Will Go For The President

Registration closed Saturday night, and up to the present time, the returns in the clerk's office show 6569 voters have registered in the county for the primary. The registration is as follows: Republicans 5427; Democrats 1760; Socialists 72; Prohibitionists 33; Not stating 274. The result in this county is doubtflul, but it is believed Coolidge will carry the county. In the past Senator Johnson has been strong here, but, belief is, he will lose next month.

AID OF SPECIALISTS WAS SOUGHT IN VAIN

Bradie May Herburger Passed Away In Portland, Ore.

Bradie May Herburger, daughter of Mr. and Mrs. B. C. Herburger of Grant county, Oregon, and niece of Mrs. A. R. O'Brien, died at Good Samaritan hospital, Portland, Friday last. The body was taken to Canyon City, Oregon, Saturday and on Sunday the funeral took place. Miss Herburger had been ill for some time, seemingly recovering, however, from an attack of influenza, but six weeks ago a bad turn was noticed in the case. Local doctors were unable to discover the nature of the sickness of Miss Herburger and she was taken to Portland to specialists and there death took place.

Everybody Liked Her.

The little dead girl was just 16 years old; her's was a disposition in a thousand, loveable, always smiling and yet the fact she stood foremost at school showed she was of a studious nature. Over in Grant county the country is not well settled and everyone knows everyone else for miles and over all the vast stretch, the news that Bradie May has been taken by the angels will create a lasting sorrow. It was but a few months ago Mr. and Mrs. B. C. Herburger lost their eldest son and in September Mrs. B. C. Trowbridge, mother of Mr. Herburger and Mrs. A. R. O'Brien, died and the death Friday is the third sorrow in a short time the family has suffered. Mrs. O'Brien reached Portland the day before the death of Miss Herburger.

Mrs. J. C. Hurley drove to Santa Rosa Saturday.

Came To Identify The Man Who Shot Him

Constable Hi Wilkinson, of Willits, who was shot by the John Doe bandit some weeks ago, after having arrested the stranger, was in Ukiah today to identify the prisoner, which, it is understood he did.

"FLINT" GIVEN LONG STRETCH FOR HIS THEFT

Man Who Defrauded Willits Bank Was Sent To Folsom

CONFESSED OTHER ACTS

Robbed Wards, 2 Eastern And 1 California Banks, He Claims

Friday De Lafayette Flint was taken before Judge H. L. Preston and the charge of swindling the Bank of Willits lodged against the prisoner.

Told Of His Crimes.

Mr. Flint pleaded guilty and, in the course of a short talk he made, stated he commenced his criminal career about 15 years ago in New England. The amount he took from his wards, who are now of age, he stated aggregated $1000. Afterwards Mr. Flint said he defrauded three New Haven, Conn., banks, but did not state to what extent he had fleeced them.

Given Long Term.

In passing sentence on the accused man Judge H. L. Preston dwelt at length on the manner in which the prisoner had operated, winding up by sentencing Mr. Flint to from one to ten years in Folsom penitentiary. As a usual thing prisoners from here are sent to San Quentin, only the hardened offenders, or second and third termers going to Folsom. The decree of the court was that, as soon as Mr. Flint has concluded his California sentence, the New Haven authorities be advised so they may come and get Mr. Flint in order that he might be compelled to stand trial in New England on the charges upon which a felony warrant were secured.

In the meantime Mr. Flint has been taken to prison and has started on his term.

In its comment on the conduct of a former resident, D. Thomas Flint, The Willits News says Mr. Flint was a most likeable character; he was educated, open-hearted and an excellent friend-maker. The convicted man was a native of Massachusetts, a graduate of Colby College, and had studied at Columbia and Stanford Universities. He was 52 years of age and had spent most of the later years as a teacher. In his early days he learned the printer's trade and when he first went to Willits worked for The News a few days, stating he did not need the money, but wanted to have something to do, to keep his mind from brooding over his misfortune in the loss of his wife and son, whom he claimed had recently died in San Francisco.

Would Get Rich Quickly.

After becoming established in Willits he made his effort to "clean up" at the expense of the Bank of Willits, and came very near succeeding.

Little Was Lost.

The bank officials report practically all of the money loaned Mr. Flint has been recovered. He had invested in three automobiles, guns, and other personal property, and in real estate, besides having a considerable sum of money on his person when taken into custody.

Saves Bank $5000.

While the investigation of the Willits Bank officials was a little too slow, nevertheless it saved them $5000. Mr. Flint had already gotten $2000 and a loan of $5000 additional was being considered—in fact, The Press understands, a note signed by Mr. Flint had already been deposited in the bank, but the funds had not been transferred to his checking account.

Always Worked Same Plan.

From all places reporting knowledge of Mr. Flint he seems to have used the same tactics employed in Willits. He would establish himself in the community, which was not difficult to do, as he was a man of engaging manners. After gaining the confidence of the people he is alleged to have proceeded to get what credit he could at the banks and from business houses, then he would disappear. He is reported to have followed this plan in Ontario, California, just previous to coming to Willits, and before that is said to have made a clean-up in New Haven, Conn., his old home.

When Willits bank officials became suspicious of the gentlemanly Mr. Flint they set out to learn something of his past. Communication with a bank in New England revealed the fact he was wanted there on charges of embezzlement and fraud. This led to his detention at Willits just as he was ready to make his get-away.

Reported Himself Dead.

Shortly after Mr. Flint fled from New England, a telegram was received there from New York stating he had died in a hospital in that city. Investigation failed to reveal any record of his death, and the eastern authorities were unable to find any trace of him.

Willits Beaten And Championship Sought

Following their victory over the baseball team of the Willits high school Saturday the Ukiah Union high school nine have announced they are going after the championship of the county. The Willits six footers proved easy for the Ukiah team who piled up a score of 16 to 4. Ukiah scored five runs in the first inning with Rose of Willits in the box. Ornbaum pitched a nice game for Ukiah, only getting into trouble in the second and seventh innings. Willits was weak in the field, making ten errors.

UKIAH HATCHERY IS TO BE MADE LARGER

Fish And Game Heads Insist That Local Plant Must Grow

The Ukiah fish hatchery is open for the usual spring run and many thousands of young fry, in all stages of development, are in the troughs. The hatchery is being run under the direction of J. W. Ricker, who states the eggs have been shipped here from Sisson and other northern spawning stations. Owing to the low water in Eel river no eggs have been taken at the spawning station there. The California Fish and Game Commission is planning many improvements for the local hatchery, including the extension of the present building and the opening of a spawning station on North Eel river, near the Humboldt-Mendocino county line.

20 JUVENILE WARDS ON COUNTY'S HANDS

Deplorable Condition Is Developing—No Place For Them

Reports from the county hospital this week show 20 children confined there as wards of the juvenile court. The statement is alarming from the standpoint it shows juvenile delinquency to be on the increase in the county and from the fact no adequate quarters are maintained for the children at the county infirmary.

Many From One Family.

Eight of the inmates are children of Mrs. Cleve Marshall, of Philo, whose husband is serving a life sentence in San Quentin for the murder of his brother. The children's ages range from 14 years to 19 months. The youngest child was born out of wedlock and there is another, also an illegitimate child, too young to be taken from the mother.

Facts Brought Out.

The deplorable condition of the children was first brought to the public through The Republican Press. Later Mrs. Marshall was brought before the court and warned the children would be taken from her unless she mend her ways. The order was made by Superior Judge H. L. Preston Thursday following the testimony of Special Agent Mrs. Lucy Cleland, Mrs. Marshall, and E. H. Purcell, who has been living with the woman and who is the father of her baby.

HURT ON HIGHWAY

An overturned Ford cutdown, with blood on the steering wheel, was found a short distance north of town yesterday morning. The car was found to be the property of Alphonse Centorini, of Redwood Valley. He was later found at the Langland hospital, where he had been taken in the night suffering from bad cuts and bruises about the face. The accident occurred while Centorini was returning to his home from Ukiah. While near the vineyards of the California Grape Products Co., north of town, a horse suddenly stepped in front of Mr. Centinori's car and a collision between the car and the animal occurred, with the results stated above. The horse's leg was broken.

LET LION ROAR VIA RADIO.
AND NOW FIRPO.
THE LAST SILVER THREAD.
THREE KINDS OF WEALTH.
LET THEM DANCE.

Here is a new radio idea. British broadcasters will install a microphone and very small transmitter in some wild wood, frequented by nightingales, and the wonderful bird "not born for death" will be heard all over England.

Suggestion for American broadcasters. Instead of a bed-time story, let youngsters hear the lion roaring, elephant trumpeting, hyena laughing and baboon yelling from the zoo. It could be arranged by adjusting the feeding hours. Every boy would like it, especially the lion's roar.

"I'll fight no more," says Firpo, giant of the Pampas, "after this one fight with Reich."

The Argentine giant means to live his own life and leave the atmosphere of the prize ring, which does not please him. He even refuses the possibility of making half a million by one more fight in the United States.

Firpo has met "a worse knockout than Dempsey's." A lady from Paris, who acts, wants Firpo to go to France.

Who was't betrayed the Capital?—A woman!

Who lost Mark Antony the world?—A woman!

Who was the cause of a long ten-years' war, and laid at last old Troy in ashes?—Woman!

And now it's Firpo's turn.

Just 50 years ago, young Hart Pease Danks and his wife lived happily. He even wrote a song to tell her that his affections would last forever. "Silver Threads Among the Gold" was the title of the song; you remember it, well, if you're fifty. It's a pretty song. Many have butchered it. It made money and when prosperity came in one door, harmony flew out of the other. Danks and his wife separated. His son and daughter have quarreled about the royalties on the song.

In 1903 an old man was found in a Philadelphia lodging house. On an old copy of "Silver Threads" he had written this: "It's hard to grow old alone." That was Danks. Last Friday his wife was buried. She had died at 82, in a Brooklyn rooming house, where she lived alone.

Construct your own moral, and be sure to include this: "It's better to put a good house and lot in your wife's name, or build up for her a respectable bank account, that you can't touch, than to sing to her "Yes, my darling, you will be always young and fair to me."

Round the world fliers, encountering heavy weather, were temporarily checked, and geese that never learn say "the flying machine will never be practical."

It isn't so long since railroad time tables announced that trains would run at such an hour, "weather permitting." Weather doesn't stop them now. It won't stop flying machines, either, in another 25 years.

There are three kinds of wealth only—the EARTH on which you stand, TIME, and man's INTELLIGENCE. How wealth increases and time is actually increased or saved is shown by research of the National Association of Farm Equipment Manufacturers. Thanks to machinery, saving labor, American farmers saved last year 1,382,539,204 days of actual work.

Figured at $3 a day that would be a gain to the farmers of four billion of dollars. Farmers will wonder where the money is.

The fact, unfortunately, is that the saving of time, money and cost due to perfecting of machinery, goes largely to middlemen—not much of it to those that do the actual work.

You would say that big muscles on arms and back are more valuable earners than deep convolutions in the brain, as you read of offers made to Mr. Jack Dempsey. He has a moving picture offer of a million, and two offers running from half a million to a million for a few minutes of fighting.

"Muscle is king," you say, but then you remember that John D. Rockefeller, Sr., leaning over for his 21-foot putt, might have one little thought that would earn him fifty millions, and he wouldn't have to be photographed, or fight, to get it.

Dr. Guthrie, rector of St. Mark's fine Episcopal Church in New York, believes in dancing as part of religious service. Bishop Manning, his superior, forbids dancing in the church service.

How would it be, since human beings are differeent, and their conceptions of what pleases Divine Power even more different, to let those dance that want to dance, those pray that want to pray, and those sing that want to sing. Omniscience above knows what they all mean, and can sort out the good intentions.

Donald Forbes, the Willits bank swindler, is wanted for felony in New England.

FLINT GIVEN

(Continued from page 1)

Information which has come to The Republican Press shows the offender is an old one at defrauding people. Back in New England he stole funds belonging to two minor children for whom he was acting as guardian. He is also accused of having made off with a Red Cross fund—a milk fund, it is related. He is credited with having defrauded the First National, The Second National and The Merchants National Banks of New Haven, Conn. These three institutions, it is reported, suffered to the extent of some $15,000. There is a felony warrant for Mr. Flint in New Haven and this will be served when Mr. Flint completes his term here.

What Prisoner Contends.

Refuting the allegations of the officials that he is a hardened bank defrauder and bilker of friends, Mr. Flint says he has lapses mentally and that when he is laboring under the criminal instinct he readily enters into dishonest practices, but that, immediately after he recovers his better self, he feels deeply repentant and willingly makes restitution. In other words Mr. Flint puts forth the claim he has a dual personality and that his troubles take place only when he suffers from evil influences dictated by his brain when one of the spells overcome him.

Had Planned Suicide.

Facts which developed in the investigation tend to show Mr. Flint had obtained possession of an old automobile and that he had planned to drive this car over an embankment and kill himself.

The prisoner has followed a wandering career for a number of years and there is expressed a belief that, now that the case has been given a nationwide publicity, other offenses of the convicted man will begin to show themselves.

Of the operations of I. Lafayette Flint, or Donald Forbes, as he was known in Ontario, the Ontario Daily Report says:

D. L. Flint, known here as Donald L. Forbes, alleged 52-year-old shiek, gentleman-printer, bank-swindler, auto embezzler, and self-styled man of means, whose mysterious disappearance from Ontario, September 28 with $973 from the Bank of Italy and a new Buick automobile, left many disappointed and some heartbroken, has been captured at Ukiah, in northern California.

At first believed to have committed suicide at Paso Robles by drowning himself in the ocean, as a note to a friend here indicated, and later believed to have fled to Canada to escape the financial collapse, which was inevitable, his disappearance from Ontario was unsolved until he was arrested Saturday night at Ukiah on a charge of swindling the Bank of Willits of $7000.

Flint is said to admit swindling the Bank of Italy here and many other banks, getting around $23,000 in a year's time.

Has Record is Claim.

According to the officers who arrested him, Flint admits swindling three banks of New Haven, Conn., of $15,000. From there he came to Ontario, where he got almost $1000.

Leaving here, he went to Willits and obtained a position in the office of the highway commission.

Again winning the confidence of the community as he did here, Flint got $7000 from the Bank of Willits, it is charged.

May Not Be Brought Back.

It was this last swindle which resulted in his arrest.

When he first disappeared from here, the Bank of Italy made an effort to find him, but A. W. Hayes, manager of the Bank of Italy of Ontario, said this morning that it would be unlikely that Flint would be brought back for trial, as the bank no longer had a warrant out for his arrest.

It is also believed unlikely that C. C. Minton, who sought Flint for embezzlement of a car, or A. R. Volk, who also wanted him on a swindling charge, will take action to have him returned here, as the case against him at Willits is considered conclusive.

Youth Is Victimized.

But the overdraft on the Bank of Italy here, and other monetary losses caused by Flint's disappearance were only minor matters when compared with the disappointment caused Fred P. Smith.

Encouraged by Flint's false promises, Smith, a young Englishman, was led to send for his English fiancee.

She, accompanied by her mother and brother, were on their way to Ontario from England, when Flint suddenly disappeared, leaving Smith's dream of a lovely home in a foothill orange grove a nightmare of blasted faith.

Smith, who had studied for the Episcopal ministry in England, was staying at the rectory of Rev. R. H. Gushee rector of Christ Episcopal church, when he met Flint by chance. Flint, who seemed irresistible to men and women alike, completely won Smith's confidence.

Together they rented a ranch home on North Euclid avenue, Upland, and Flint was negotiating a deal for an orange grove at the time he disappeared.

Following his disappearance, Smith received a letter from Paso Robles in which Flint announced his intentions of committing suicide by drowning.

No Further Word.

He had often pretended to be in deep sorrow over the death of near relatives, and at first his friends believed he had committed suicide because of his sorrow.

His suitcases were traced from San Bernardino to Santa Barbara and then to San Louis Obispo.

But the earth seemed to have swallowed him and no further word was received from him until his arrest Saturday night at Ukiah.

Smith's fiancee, Miss Alice Stephens, her mother, Mrs. A. E. Stephens, and her brother, Alexander, are now living on Fourth street. Smith and Miss Stephens are understood to still be engaged.

Following Flint's disappearance, the news leaked out of his popularity with the fair sex. He is said to have had "lady friends" of all ages and was frequently invited out to supper. Some of them are believed to have been waiting anxiously for leap-year, but Flint leaped first.

Poem by Uncle John

Old Thomas Trett would stew and fret, and toil and crave and borrow. . . . He wouldn't stop if he should drop—but said he'd rest tomorrow! Folks said he never went to bed—so hard he pined fer riches. He wasted time—an' called it crime—by puttin' on his breeches! He fed the stock an' watched the clock—he put up hay on Sunday. . . . "The world is mine," he would opine—and every day was Monday. . . . The neighbors guessed he'd have to rest if sickness overtook him—but, neither health nor sordid wealth neglected or forsook him! Some called it pluck, and, others, luck—but all pronounced it slavin'—because his life was endless strife of garnerin' and savin'. . . . One eventide he up and died—which left us steeped in sorrow. . . . Above his head, a tablet read, that he would rest tomorrow! We hope it's so, though we dunno—he's too fur gone to foller—though some surmise he'd farm the skies—if he could make a dollar!

THE TRUTH
"—is also found in frank confession of error"

The Republican Press will be glad to receive and publish corrections of inaccuracies in its columns.

INTO THE GRAVEYARD

TRULY we have come to a sorry pass.

The other day down at Washington Al Jennings, former train robber—ex-bandit of a second rate type—was called by the muckraking committee investigating almost everything at Washington. Jennings took the stand and swore that a man now dead told him that two other men now dead, one the beloved past president, were directly or indirectly involved in a million dollar scheme to put Warren G. Harding across as the republican nominee at Chicago. It seems to some that it's time to stop.

Peculiarly the ghosts stalk grimly in both the Daugherty and the oil lease senatorial investigations. The oil case has villified to date Warren Harding, Boise Penrose and Jake Hamon. Jesse Smith, suicide, is in the grave, but his name is daily the by-word at the Washington probe of the attorney general.

None of these mentioned men of the past can answer the charges or reflections cast upon them. It hardly seems fair to besmirch the dead, especially in the case of Warren G. Harding and Boise Penrose.

Jesse Smith shot himself in Daugherty's apartment, which tends to lend, perhaps, some slight credence to some of the testimony of Roxie Stinson, his divorced wife.

Jake Hamon, a man who sprung from nothing to millions in Oklahoma oil and who was shot by a paramour who flaunted his name, has been brought into the testimony. Mr. Hamon, sensational as was his death and the accusations paraded at that time, can neither confirm nor deny the tale of the former outlaw Jennings. Smith's lips too are sealed from the sear of infamy which now is being hurled at him in post mortem testimony.

This particular feature of the Washington investigations is perhaps the most unfair and cruel of all that has come before.

The intimations that former President Harding's name might further be brought into the hearing will not be welcomed and the committee should be praised for not permitting Roxie Stinson to testify further if they anticipated her words might involve a dead president.

A COMMON SENSE TALK

J. J. THORNTON who is a candidate for election as supervisor in this district, last week said the road to Booneville was the outstanding piece of highway work in the county at this time and that he was in favor of having it built at once and, if elected, would try and see that work on it was started and that, if started, he would not rest until the road was finished. Mr. Thornton also said all highways into Ukiah should be maintained so every part of the county could have direct communication with the county seat at all times of the year and last, and probably the most popular and undoubtedly true as any of the conclusions Mr. Thornton has arrived at, is his reference to the high rate of taxation and the necessity of cutting the costs of running the county government, if possible. The way Mr. Thornton has of looking at things indicates he occupies the right viewpoint from the taxpayers' position and he surely will have his expressions approved on all sides, as they deserve to be.

COLLIE TRAVELS 2,364 MILES

THE record for long-distance travel by a dog to reach his home and master is held, so far as known, by a collie who returned to his home in Silverton, Oregon, on February 15. After an absence of six months when he was lost from his master's car "somewhere in Iowa" this dog with the instinct and sense of direction that passes understanding, walked into his owner's restaurant, weary, thin and footsore, and barked a joyful greeting. G. F. Brazier, restaurant proprietor in Silverton, rejoices in the return of his dog. It was in eastern Iowa that the collie disappeared. All search and extensive advertising were unavailing and Mr. Brazier proceeded farther east to Wolcott, Ind. Sometime after he had started back to Oregon the dog was seen in Wolcott which showed he was on his master's trail. From Wolcott to Silverton it is 2,364 miles. The collie made it. In the long journey, embracing summer sun and severe winter weather, the indomitable dog crossed seven different states, traveled through the prairies of Indiana, Illinois, Iowa and Nebraska, climbed the Rockies through Wyoming, and made his way over the Idaho desert into Oregon. His unerring instinct had guided him to his beloved master.

GOOD NIGHT

When Capitalism's been shattered
And smashed to the very last root,
When all of the banks have been plundered
And everyone's shared in the loot,
We shall pause, though a trifle belated,
And say, with a sad, hungry sob:
"We've done with the old rotten system—
Now, I wonder who'll give us a job?"

And those who were slobs shall be bosses,
They shall sit in the Master's chair,
Although they'll have nothing for breakfast
And nothing whatever to wear;
They shall wander at will through the mansions
Where Tyrants once thronged in the hall,
They shall ring to have dinner at seven,
But no one will answer their call.

And only the People shall suffer,
And only the People shall weep,
And no one shall work for money,
And no one shall sow or reap;
But each in his corner shall shiver
And think how much better they fare
With the System of All-Having-Nothing
Than of Some-Having-More-Than-Their-Share.

At a big party in London, a woman of the newly rich and ostentatious class was sitting beside the wife of a prominent labor leader. The former began to talk about her jewelry. THEY NEVER FAIL

Last week a party picked up a bunch of keys they had found on the street and brought them to The Republican Press to be advertised in the classified columns. The advertisement appeared once and Engineer Donald McPeak came and claimed them. One key on the ring would have cost $3 had Engineer McPeak been called upon to replace it. Whenever you have lost something look in The Press want ad columns and probably you will find it has been picked up and is awaiting you at The Press office.

KILLED ON JETTY

Fatal Accident Happened When Spool Of Cable Ran Away On Thursday

In the Fort Bragg Advocate is found a story telling of a fatal accident which overtook Eugene Hall and badly injured Axel Hermanson, while the pair were at work on the government improvement on the jetty at the mouth of the Noyo river.

What Facts Were.

The men were working together on the beach, taking in slack on the main line, when work was begun at about 9:30. Without warning the line "ran away" and coils from the spool in the donkey engine on top of the bluff ran down the cable to the beach, struck Mr. Hermanson and Mr. Hall and threw them high into the air. The heavy cable struck Mr. Hermanson across the chest, cutting his breast bone and ribs in two. Death resulted an hour later from hemorrhage and shock. Mr. Hall, though seriously injured, is recovering.

Society and Club Events

LOCAL SOCIETY PLAYS BRIDGE IN PRETTY SETTING

A color scheme of unusual beauty marked the decoration motive for the bridge party over which Mrs. Chester Cox, Mrs. Ernest Hawn and Mrs. L. H. Foster presided Thursday afternoon at the Saturday Afternoon Club rooms. On a rainbow-hued silk drape arranged on a wicker table in the center of the club rooms tall branches of pink and white apple blossoms and lilacs placed in a huge blue basket reached almost to the ceiling. A similar arrangement about the walls created a canopy-like effect of fragrance and beauty. The lights were softly shaded in a pink over lavender, lantern effect. Bonbon baskets at each table were of handmade lilac-toned paper lined in yellow, the handles adorned in lavender flowers. Quaint Dutch figures in the same pretty rainbow tones were silhouetted against the black covering of the card tables, creating an artistic effect never surpassed and seldom reached, except by professional decorators. It was one of the smartest bridge events of the season and many compliments were heard, during the afternoon, for the trio of hostesses. The pretty color effect was carried out in the two-course tea service and each guest was presented with a corsage of rainbow-hued sweet peas and asparagus ferns. The handsome score favors were presented to Mrs. F. T. Barker, Mrs. H. L. Preston, Mrs. Ernest Ruddick and Mrs. Wesley Ford. The guest list included Mesdames E. B. Gibson, Louis Hildreth, Robert Austin, F. T. Barker, Charles Kasch, H. L. Preston, Guy Redwine, F. E. Rea, T. W. Maguire, Will Davis, W. D. L. Held, Follet Morris, M. H. Iversen, P. H. FOREIGN GUESTS

The many friends of Mr. and Mrs. Harry O. Young, former residents of this city, now of Healdsburg, will be interested to learn Mr. and Mrs. Young are at present entertaining foreign guests in the persons of Mrs. Warren Henderson and son, Milton, of Shanghai, China, who arrived Friday for a visit of several weeks. Mr. Henderson, who has been in the publishing business in China for the past eight years, will join them in June. He will be here for six months, during which time they will visit with friends and relatives in Healdsburg, Redwood City and the bay section, returning to Shanghai in December. Mr. Henderson is a brother of Mrs. Harry Young. Mr. and Mrs. Young will bring their guests to Ukiah for a visit some time during the summer months.

The cheery, hospitable home of Mrs. G. W. Stout in Oak street was the scene of a delightful bridge tea Tuesday afternoon of last week at which time Mrs. Stout and her sister, Mrs. J. L. Brown, entertained seven tables of bridge players. The event was one of a series the two ladies are planning for the spring season. Spring flowers artistically arranged made a beautiful background for the party. The tea service was at daintily appointed tables late in the afternoon. Score awards were won by Mrs. F. E. Bertsch and Mrs. E. B. Gibson. Those who enjoyed the affair were Mesdames Robert Le Baron, E. W. Dutton, D. R. Smith, Robert McGarvey, W. D. L. Held, F. E. Bertsch, S. Ray, P. J. Boring, F. M. CULTUS CLUB HEARS A PROGRAM OF MERIT TUESDAY

Mrs. M. J. Rowe extended the delightful hospitality of her charming home at Talmage for the meeting of the Cultus Club April 1, with Miss Mary Graves and Mrs. Evelyn Morris receiving as hostesses. Miss Shirley Perry presided during the business session. Current events was the interesting roll call response.

A farce which proved highly amusing was presented by Miss Vestal, Miss Conrad and Miss Yulish, entitled "Who Wins the Bet?" by John M. Francis, and is a query in one act concerning the possession of a necklace and involving a pair of theatre tickets, two lovers and a burglar. The characters were well sustained, with Miss Vestal and Miss Conrad as the newly-weds and Miss Yulich in the role of burglar. Mrs. Florence Preston and Miss Hazel Reynolds were heard in two duets which were well received, "Mammy's Lullaby" and "April Goes a-Walking," Mrs. Preston also playing the accompaniment.

"In the Desert of Waiting," an inspiring story by Annie Fellows Johnston, was read by Miss Perry.

During the social hour following the program a delicious supper service was enjoyed at attractiveely decorated tables. Guests of the evening were Mrs. M. J. Rowe and Miss Myrtle Brown.

BIRTHDAY PARTY

Miss Juanita Iversen arranged a surprise party Thursday evening complimentary to the birthday anniversary of Miss Betty Powell, of this city. P. T. A. TO MEET

The Ukiah Parent-Teachers Association, Mrs. M. J. Rowe, president, will meet Friday afternoon at the usual hour in the elementary school building. During the business session plans will be discussed for Ukiah's annual observance of "Be Kind To Animals" week. Arrangements are being made for a parade and exhibition of pet animals. If the weather is warm the exhibition will be held indoors at a place to be designated later. Children planning entries in the parade are asked to decorate toy wagons and other vehicles in the form of floats so as to make the parade as attractive as possible. Following the parade and show on Saturday, April 26, "Humane Sunday" will be observed in the churches of Ukiah.

❋ ❋ ❋

G. W. Hiatt and Leon Cooper, of Cloverdale, were guests in the F. E. Rea home Sunday.

PRETTY BRIDGE EVENT

A bridge function, exquisite in every detail, was held Saturday afternoon at the Saturday Afternoon Club rooms with Mrs. Keith C. Eversole, Mrs. H. E. Davis and Mrs. Edward A. Eversole as hostesses. A charming arrangement of flowers and greenery in which lilacs and tall woodwardia ferns were used with artistic effect, decorated the rooms. The score favors, handsome blue baskets filled with orchid-hued tulips, daffodils and maidenhair ferns and tied with tulle of a harmonizing shade, were used in the decoration effect which was further enhanced by yellow shaded lights. Later the bridge score favors were presented to Mrs. E. J. James, Mrs. Sam Souder, Mrs. S. L. Rea and Mrs. A. F. Moulton. Assisting the hostesses at the two-course tea service was a bevy of young girls, dressed in white. They were the Misses Ruby Crawford, Gladys Clark, Juanita Iversen and Frances Rea. The guest list included several score of local society matrons.

❋ ❋ ❋

FAMILY BIRTHDAY DINNER

A happy dinner party was held Sunday at the J. A. Gibson home in West Perkins street. The affair commemorated the birthday of Elmer Gibson, eldest son of the household, and covers were laid for 17 at a handsomely appointed table which carried a color schem of pink with a graceful bouquet of pink carnations for a central decoration. The menu included a huge roasted turkey and a handsomely decorated and lighted birthday cake. Those present were: Reverend Fathers Quinn and Urban, Mr. and Mrs. J. A. Gibson, Mrs. Matilda Johnson, Mr. and Mrs. G. P. Anderson and son, Mr. and Mrs. Elmer Gibson, Mr. and Mrs. J. P. Smith and daughter, Margie, Mrs. Luella Redemeyer and son, Otis Redemeyer, Frank Gibson, Miss Agnes Ferguson.

❋ ❋ ❋

COMPLETING HOME HERE

The bungalow home being built for Mr. and Mrs. A. T. Ellis, of Oakland, on West Clay street, this city, is rapidly nearing completion. Although owning a handsome home in Oakland, Mr. and Mrs. Ellis are such enthusiasts over Ukiah and the beauty of the surrounding country they have passed a number of summers here. In view of the difficulty often encountered in securing a suitable house in Ukiah Mr. and Mrs. Ellis conceived the idea of owning their own summer home here. With that object in view they purchased the lot adjoining the handsome home of Mr. and Mrs. Orval Tadlock on the west where the building is being erected. Mrs. Tadlock is a niece of Mrs. Ellis who became interested in Ukiah during a visit at the Tadlock home several years ago.

WEDNESDAY BRIDGE CLUB

At the meeting of the Wednesday Bridge Club last week, when Mrs. H. L. Preston took her fellow club members on a motor trip to Blue Lakes for luncheon and bridge, Miss Joan Fraser, who substituted, won the score favor. The club will meet next Wednesday at the handsome home of Mrs. A. R. Thomas on the Vichy Springs road.

AT STATE THEATRE NEXT WEEK

CLUB WILL MEET

The literary section, Mrs. F. E. Rea, chairman, will be in charge of the program to be presented at the regular meeting of the Saturday Afternoon Club Saturday in the club rooms. The principal number of the program will be the reading of James Barrie's one-act play, "Rosalind," by Mrs. Louis Hildreth. Mrs. Hildreth is a charming reader of convincing merit. Musical numbers will include selections by a high school orchestra under the direction of Band Master Anderson, a vocal number by Miss Frances Rea, a piano duet by Mrs. H. L. ANNOYING KIDNEY ILLS

Make Life Miserable for Many Ukiah People.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Mrs. B. M. Davidson, 320 E. Perkins St., says: "I had a great deal of trouble with my kidneys. They acted irregularly and I had severe backaches. I could hardly keep going and suffered from headaches and dizzy spells most of th etim e. I read of Doan's Pills and got some at Gibson's Drug Store, and they fixed me up in good shape. The backaches left and my kidneys were strengthened. I have great confidence in Doan's Pills and always recommended them."

FARMERS WARNED OF DANGER TO EVERYONE

Foot And Mouth Disease Epidemic Takes Much Watching

Farm bureau business and sociability were the chief features of the Central Center meeting on the evening of April 4.

All Going Well.

Members report that despite the dry spring, work on the farms and orchards is well along, and not one complained of a poor prospect for the coming season. It appears that, in fear of a dry summer, the farmers have started in doing their work better, and this seems to be yielding good results. No failure of crops is expected in this section.

Want The Picnics.

The Center went on record as in favor of the annual farm bureau picnic. However, this would be modified if there appeared any objection on account of the foot and mouth disease.

An Expert Explains.

A. Perelli-Minetti, at President McKinney's suggestion, reported experiments in fertilizing vines now being made on one of his vineyards. He made an interesting report in detail of these and promised more as results may show along through the season. Improvement in vine production both by pruning and fertilization is one of the goals this center is striving to reach. Results of subsoiling in mature vines are not such as to recommend that form of cultivation in Mr. Minetti's experience.

Fertilizer Too High.

President McKinney is also experimenting in fertilizing old vines with sulphate of potash, a continuation of last year's effort, which he believes paid. The discussion brought out that the high cost of fertilizer makes its use for profit somewhat uncertain.

For Home Demonstration.

In her report on home demonstration, Mrs. C. C. McFarling gave an interesting talk showing an understanding of the subject as well as a deep interest in it. She spoke of the advantages to both home and school of home demonstration, these being proven by the experience of other counties. She lauded the character of home demonstrators, saying they are graduates and fully trained in the work they undertake. She corrected the misconception that they go into homes and tell the women what they ought to do. They go only where invited and their help asked for. She declared if the women in the country homes of Mendocino county only understood the great help they would have with home demonstration they would rise in unison, demand it and get it. This was the feature address of the meeting and the speaker's audience rewarded her with a generous show of appreciation.

Gave Timely Warning.

Assistant Farm Advisor Foote gave a talk on the foot and mouth disease that townspeople, as well as country ones, should have heard, as he warned of the importance of observing all precautionary measures for preventing the spread of this scourge. If it occurred here all business and social activities would be seriously curtailed and some completely suspended. If we should be subjected to quarantine there is a possibility no stock, wool, fruit nor grapes could be shipped out of the county this year. Mendocino county must keep free from such a disaster, and he counseled strict observance of all measures for its prevention.

Amused And Pleased.

The Center program being ended, the social feature was begun. By invitation Miss Virginia Herron recited a dialogue between little Willie and his Mamma, he asking numerous childish questions and she answering as only a mother can, till her patience broke down. The audience was immensely amused, and their insistence induced Miss Herron to recite another piece. Little Mary Ellison responded to demand with a piano solo that greatly pleased her hearers. She responded to applause with another which was also highly appreciated.

Nearly 100 were present and, judged by the unrestrained delight of both children and older ones, this was the most enjoyable event yet given by the Center. It should be explained that on social evenings the work of the Center is in no way curtailed nor made subordinate to the social feature.

(Special Correspondence of The Press)

YORKVILLE, April 8.—The Anderson Valley Unity Club met at the home of Mrs. A. Ferrel Saturday last. Reports of committees were heard and Mrs. Del Rawles, reporting for the booster committee, suggested the club take part in the meeting and excursion of the "McDonald to the Sea" highway which is to occur April 9. Pettis and members of the Chamber of Commerce from Sonoma county towns are expected to be in attendance. Cloverdale is standing loyally with us in our attempt to show the Highway commission the McDonald to the Sea highway is not a "pork barrel road," but is one that will open up a vast territory of country, rich in resources and will be in an almost direct line from Fort Bragg to San Francisco, and will also be a continuation of the highway from the Sierras.

After partaking of the delicious cake and tea which Mrs. Ferrel served, the members forgave her for disregarding the rule no refreshments be served at business meetings.

eradicate the disease in this manner, than to let it spread on to our ranges and permit a much larger number to not only die from this disease, but from starvation and thirst as well. Furthermore, as is well exemplified by the condition in some foreign countries where the infection exists to such an extent that the radical slaughter method of eradication is out of the question, such direct and indirect losses from foot and mouth disease must be borne year after year indefinitely because once it gets beyond control in a large area devoted to dairying and raising of live stock, such losses become an added burden to these industries which must, of course, be paid for ultimately by the consumer.

Now the state and federal government realize that if the scourge gets beyond their control, and we are not overlooking this possibility, other methods than slaughtering of infected and exposed animals will have to be adopted. In other words, we will then have to meet conditions as they occur and the live stock industry and other interests must be prepared to accept losses over an indefinite period which at the present time are possible to prevent by the expenditure of a sum that is possibly less than would occur in one year under such circumstances.

Dr. U. G. Hauck, personal representative of Secretary Wallace, says, "We are not dealing with a new disease. There are many men, both among the state officials and the federal officials now engaged in the California outbreak, who have had a wide experience in fighting the foot and mouth disease in previous outbreaks in this country, and some have had experience in foreign countries."

History Of The Scourge.

Since the outbreak of 1870 in the United States, only a few limited outbreaks have occurred. In the fall of 1902 the disease appeared in the states of Masachusetts, Vermont, New Hampshire and Rhode Island, but was eradicated in a few months by energetic measures. In the fall of 1908 the disease appeared in the states of New York, Pennsylvania, Michigan and Maryland, but it was rapidly eradicated by the method of slaughter. The largest outbreak in the United States occurred in 1914 and 1915. It was first discovered at this time in the vicinity of Niles, Michigan. It spread into 22 states, the following states being affected: New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Deleware, Maryland, Virginia, West Virginia, Ohio, Michigan, Indiana, Kentucky, Wisconsin, Illinois, Minnesota, Iowa, Kansas, Montana, Washington and the District of Columbia. More than one-third of the total loss occurred in the state of Illinois. Slaughtering was the main method of eradication, together with quarantine, inspection and disinfection of the exposed and infected premises.

In round figures the total number of animals slaughtered in this outbreak was 172,000, comprising 77,000 cattle, 85,000 swine and 10,000 sheep, and including 133 goats and 9 deer.

Quarantine Action By Other States.

The quarantine regulations proposed by the western states at the Salt Lake conference have been approved practically as outlined by Utah, Oregon and Wyoming. Arizona has notified us that up to April 5, the governor had not approved the regulations, so their quarantine order of March 25 is still in force.

Stringent regulations on almost all products are still in effect by the state of Washington.

Sacked grain, feeds and beans are being permitted to enter Oregon, providing they are accompanied by certificate showing that they originated from premises considered safe by state or federal veterinarians.

MANY RAINY DAYS, SAYS FATHER RICARD

Santa Clara Forecaster Avers 'Rainmaking' Is A Farce

Reviewing the accuracy of his forecasts for March, Father Ricard, Santa Clara's "Padre of the Rains," is on record with a strong statement discounting the efforts of so-called "rainmakers."

Did Not Create Rain.

The rap at the contract that Hanford-Coalinga farmers have with "Rainmaker" Charles M. Hatfield for two inches of rain in return for $8000 accompanies Father Ricard's forecast for April, which states the month will bring about 11 good periods of rainfall. All of the storms of the past month have been scientifically accounted for, says Father Ricard, whose statement reads: "The rains on these occasions were the fruit of mere natural processes, to which may be added the prayers of those who know that God is the ruler of the universe. So far there is no evidence that artficial means had any part in the rainmaking. Natural rains can be predicted; artificial ones cannot. If they coincide, the presumption is against the rainmaker. Just watch it; whenever the rainmaker makes a hit, we have predicted it. The only scientific way for the rainmaker to make a score is to make it rain above his head when all the physical conditions are against it." Meanwhile, cloudy weather prevailed in the area covered by Mr. Hatfield's contract and farmers were expecting "the biggest rain" of the season, as promised by the "rainmaker."

What We May Expect.

Father Ricard's forecast from this time on throughout April is:

April 9—Advent of a strong cold wave, clear skies and smudging to suffocate the natives.

April 10—Generally fair over the coast.

April 11—Yet fair.

April 12—A moderate depression entering like a thief at night, making it cloudy and threatening.

April 13—Cloudy, with general rains.

April 14—Clear or clearing.

April 15, 16, 17—Fair throughout.

April 18—Getting disturbed here, beginning to rain about Vancouver up and down, this side and that.

April 19, 20—Adding strength to previous storm, generally rainy over the coast and beyond into the rainmaker's department of the interior.

April 21—Clearing, with showers in privileged spots.

April 22, 23, 24—Fair or mostly so over the general coast, except that the 24th will show signs of a new disturbance not far away.

April 25—Cloudy, with sprinkles over the North Pacific states and possibly some here.

April 26—Continuance of the same storm, possibly rain in central California also and farther down south.

April 27—Becoming fair.

April 28.—Fair, with sky signs of a new disturbance.

April 29—Generally cloudy; rain over the North Pacific states.

April 30—Possibly some rain even in these parts.

May 1—New depression starting up north, likely to coalesce with its predecessor.

"IN PRAISING TANLAC I'M SERVING OTHERS"

Mrs. Ward Gives Testimonial Because She Wants To Help Others Who Suffered As She Did.

"It took a lot of urging to get me to try Tanlac but now I have more faith in it than anything I ever used," recently said Mrs. T. B. Ward, of 718 Eighth St., Sacramento, Calif.

"For years, I had suffered from stomach trouble and the little I did eat caused gas, bloating, short breath and heartburn. I was also suffering from constipation and was losing weight and feeling wretched all the time.

"I took Tanlac while living in Salt Lake City and, oh, how happy I felt when it relieved my troubles. Tanlac awakened my appetite, regulated my digestion fine and it was just grand the way I gained strength and weight. I felt better in every way and my digestion has not bothered me, to speak of, since. I gladly praise Tanlac for I feel that in doing so I am helping others."

Ukiah Feeds Well And Charges Very Little

Banker "Jack" O'Brien, of North Bend, Oregon, who was here during the last few days stated he had enjoyed a meal at The Palace hotel for which he paid 75 cents and that the day before at Santa Rosa he had a meal which was not nearly so well prepared or contained such a variety and that for the Santa Rosa meal he had paid $1.25. Such statements do a town a lot of good. Give a place the reputation for having good hotels, conducted at moderate cost, and you will attract travelers. These are days when a drive of 40 or 50 miles does not mean anything and autoists will gladly go that distance if theey are assured they can get good accommodations without being held up.

ROAD WORK BEGINS

The steam shovel was moved recently to the camp at Cummings by the Highway Commission and work started in that vicinity. I. G. Thomas, assistant engineer, stated another steam shovel would be moved to the camp in the near future and that work on the highway would start full blast.

County Saved Money By Hurley's Method

Editor A. A. Willoughby, of Healdsburg, called attention to the fact District Attorney J. C. Hurley was making an excellent showing in his conduct of the District Attorney's office. "I noticed that in the recent Fort Bragg case the district attorney induced the accused man to plead guilty, thereby saving the county a big sum. He did the same thing in the case of the Willits Bank defrauder. When a prosecuting official works along the lines Judge Hurley is working, I believe he should be let know what he is doing is appreciated. On top of saving money for the taxpayers, Mendocino county's district attorney, plays absolutely fair with persons accused of crime," said Mr. Willoughby.

FARMERS FIGHTING COYOTES AND CROWS

Round Valley Ranchers Begin Campaign To Stop Ravages

(Special Correspondence of The Press)

COVELO, April 8.—A special meeting of the Farm Center was held Saturday to discuss the hoof and mouth situation and see about adopting all precautionary measures possible to prevent the disease from spreading into this section. One good move was to appoint a day for poisoning crows throughout the valley. This was done the following week, the drive against the crows proving very successful. It is reported that the crows fell thick and fast. There was splendid co-operation on the part of the farmers in this movement, only one man showing any opposition when the committee in charge of the work appeared with the poisoned grain.

Next a drive against the ground squirrel will be made by the Farm Center so as to rid our valley of this pest.

J. W. Kent arrived Saturday from San Anselmo and conducted Sunday services here. In the evening a large congregational meeting was held at which it was decided to remodel the old manse thoroughly so that it will be practically a new home for Mr. Kent and his estimable wife who will arrive the first of May to take up the regular work of the Presbyterian church.

A number of friends of the church have generously offered to donate work on the manse, thereby greatly lessening the expense. The work will all be under the supervision of an efficient carpenter. Electric lights will be installed in both the church and the manse, everything being made as comfortable and modern as possible.

Last week an enjoyable party was given by Mrs. Chas. Heminway. Cards were the principal diversion of the evening. The guests report a pleasant gathering with plenty of fun and delicious refreshments.

Dr. Hogshead made a trip to Dos Rios Sunday to attend Mrs. J. H. Ford, one of his patients. Mrs. Hogshead and the Misses Eva and Vera Dunlap accompanied the doctor on the drive.

L. H. Dorrington, Indian Superintendent and Special Disbursing Agent, was here this week attending to matters on the Reservation. Mr. Dorrington drove over from his Sacramento home, making the trip in one day.

Miss Mary Regli, the popular teacher of the Red Hill school, was in town Saturday visiting friends.

Mrs. Philo Short, of Bell Springs, spent the week end visiting her daughter, Christine, who is a student in the local high school.

Roy O'Farell and wife were among those visiting in Covelo this week.

The grammar school is to have a week of vacation now instead of at Easter, which is late this year. This school will give a pleasing entertainment in the new school auditorium for the purpose of raising money to improve the school grounds. Admission will be 10c and 25c.

Several of our good citizens who are often seen doing something for the community this week gave their time and teams toward improving the road to the local cemetery, making travel much safer and more comfortable.

Chas. Weestphal recently purchased a tract of land near the foothills from Mrs. Nancy Anderson. Mr. Westphal is a war veteran who has been coming to our valley for a number of years for his vacations and has decided to establish a home here.

Several of the farmers of the Spyrock section are going into dairying. They are conveniently located for shipping their cream on the railroad and find it a paying proposition.

A merry crowd of young people gathered for the party at the high school Friday evening, several of the faculty also being present. Some lively games were played in which all joined heartily. Dancing followed the games. Refreshments of delicious cakes and punch were served.

The high school of Upper Lake is expected to send representatives to Round Valley April 26 to compete with the school here in a track and field meet.

Mrs. George Barton entertained her large Sunday school class of boys at her home from 2:30 to 5:30 Saturday. The boys played baseball till they were surprisingly hungry and did ample justice to the cakes and ice cream their teacher had provided. Mrs. Barton is very successful with the boys and has no trobule to win their regard and reglar attendance at Sunday school. Being "in Mrs. Barton's class" is deemed a special privilege.

Your Question And Its Answer

QUESTION—"I am a sufferer with Sciatic Rheumatism and at times am confined to my bed. Nothing seems to help me. What will Chiropractic do for me?"

ANSWER—The most logical thing for you to do is to have your spine examined in order to locate the seat of your trouble, then have the cause of the trouble adjusted. Health will necessarily follow. Chiropractors are trained to know what part of the spine is involved in so-called Sciatica. We are trained to find the subluxation causing it. It matter not whether your trobule has been called Sciatica Rheumatism or some other ISM, the cause is the same, namely, pressure on nerve fibers. The only sane way to restore your health is to correct the condition causing your ill health. This we can do if we have your co-operation in the matter of regularity of Adjustments.

This department is conducted in the interests of better health. Queries and health problems of practical value will be answered, in the order received, if addressed to

As Flowers

Spring garments remind one of exquisitely beautiful flowers. Knit blouses like soft peach blooms; frocks like delicate, snowy Easter lilies or colorful as beds of iris. Some of them seem to have the fragility of flowers, too. They require attention and care to keep them always fresh and lovely.

Sending them here for our expert attention insures their daintiness and fresh appearance. Like the dew freshens and revives the flowers, our methods of cleaning enlivens the fabric, adds life and lustre to the most subtle and delicate colors, and keeps your garments always fresh, clean and dainty.

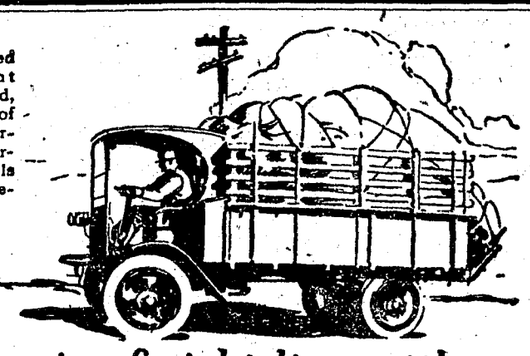
CLEANERS & DYERS



The Consolidated Motor Freight Lines, Inc., Oakland, operates a fleet of large trucks in merchandise transportation. Zerolene oils are used exclusively.

A big motor freight line settles THE OIL QUESTION—

The Consolidated Motor Freight Lines, Inc., of Oakland, Calif., has solved its lubrication problem — by standardizing on Zerolene.

Independent Tests Verify Claims

Subjecting the anti-western oil superstition to the test of actual comparison in service, this Company verified independently our claims that Zerolene will lubricate the modern automobile engine as well or better than any oil on the market, irrespective of price, and whether of eastern or western origin. A part of their letter follows:

"During the past three or four years we have experimented with various brands of eastern and western lubricating oils, including Zerolene oil. The results of these tests have proved to our satisfaction that Zerolene lubricates our equipment with the greatest efficiency.

"Our recent decision to lubricate our tracks exclusively with Zerolene oils has resulted in the reduction to a minimum of mechanical difficulties which were due to faulty lubrication."

Less Carbon—Better Gasoline Mileage

Why pay tribute to a superstition? The use of Zerolene, of the proper body, will not only cut down your oil bill, but give you better continuous lubrication, and better lubrication means greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

Insist on Zerolene, even it it does cost less.

PONJOLA RUNS TRUE TO THE FAMOUS STORY

If You've Enjoyed The Book You'll Greatly Enjoy The Film

When one goes to see a motion picture, which has been adapted from a book which he had read and enjoyed, he more often than not goes with the feeling that the picture will be inferior to the original story.

So often do we hear the criticism: "It is a good picture, but it is not the book—for it has been greatly changed."

Is Even More Delightful.

But this cannot be said of "Ponjola," a First National picturization of Cynthia Stockley's famous story of South African life, which opens at the State Theatre tomorrow.

"Ponjola" as a film is "Ponjola" the book, and no one who was enthralled with the celebrated Stockley masterpiece is going to be disappointed with "Ponjola."

Those who read "Ponjola" are going to be overjoyed with the screen version, for the producers of this picture have adhered faithfully to the plot and theme of the story and have given us a picture which can truthfully be regarded as one of the dramatic gems of the year.

A Good Male Impersonator.

Anna Q. Nilsson, as the heroine of the play, the English noblewoman who disguises as a man, is admirably cast. Despite her essential feminism Anna is as much at home in male attire as she is in the clothes of her sex. The illusion is perfect and in those sequences of the story where she appears as a man one loses consciousness of the fact that it is a woman playing the part.

Carries Drunken Role Well.

James Kirkwood, as Lundi Druro, the embittered Englishman who seeks to drown his sorrows in "ponjola," is all that can be desired. He handles his part excellently and never once is he guilty of over-acting, a failing which is too often the case in the enactment of drunk roles. In fact the whole cast can be regarded as 100 per cent perfect. Ruth Clifford has a role essentially suited to her type in Gay Lyplatt; Joseph Kilgour is a convincing villian. Other prominent roles are excellently handled by Tully Marshall, Edwin Sturgis, Claire McDowell, Claire Du Brey and Bernard Randall.

Mrs. Fred Wilson, of Round Valley, was with Mr. and Mrs. F. S. Brown during their trip to Ukiah the last of the week.

J. J. THORNTON IS FOR LOWERING TAXES

Stands For Boonville Road To Be Built At This Time

While in Ukiah Saturday last J. J. Thornton, candidate for nomination as supervisor in this district, gave out the position he will take on county affairs, if he is elected. According to the report of what Mr. Thornton said, as The Press got it, Mendocino county will fare well, if Mr. Thornton's candidacy prevails. This is about what Mr. Thornton said:

"My idea is the people want the money for which they are taxed expended where it will do the most of the taxpayers the most good, if possible. However, the fact no part of the district should be neglected should not be overlooked. It is my belief the Boonville road is the main project for road building, and if I am elected, I am going to do everything to see it is built just as quickly as it is possible to have it taken care of. My theory is every section of Mendocino county should have all the year around roads leading to Ukiah, because it is the county seat. I think the Anderson Valley trade should come to Ukiah and I believe it will, if roads are provided over which taxpayers can come here. On the other hand I am alive to the fact taxes are too high and that something should be done to reduce them and, while I shall not be unreasonable, if I become a member of the board of supervisors, I shall try and see that every dollar spent brings full value to the taxpayer."

WAS SURPRISED

Dr. D. R. Smith, of the Mendocino State Hospital, made the trip to The Terraces Saturday to give Director of State Institutions Wagner an opportunity to see the wonderful gardens at The Terraces. It is needless to say Mr. Wagner was more than pleased with the beauty and unique charm of these mountain gardens, for without question they have no counterpart in their line.

TO EXAMINE CHILDREN

Miss L. Trewick, county nurse, will be in Ukiah Thursday, April 10, from 9 to 12 o'clock, in the elementary school, at which time she will examine children of pre-school age. The examination is under the auspices of the bureau of child hygiene which is putting on a state campaign of examinations free of charge. Parents are urged to bring their children during the hours named.
